 [linkedin.com/in/aslan-taleb](https://www.linkedin.com/in/aslan-taleb)

## Summary

Third-year computer science student.  
Currently learning/improving in Python.  
Github: [github.com/Aslan-Taleb](https://github.com/Aslan-Taleb)  
Email: aslantalebselim@gmail.com

## Experience

### Stagiaire

Réseau de Transport d'Électricité

Aug 2021 - Aug 2021 (1 month)

First discovery internship in the development department of RTE, where I was able to discover the role and specialty of each team member. I also learned/discovered several concepts and languages that served me well afterwards.

## Education

### Université de Limoges

Licence, Informatique

Sep 2022 - Jul 2023

3rd year of my computer science degree.

### Université de Bretagne Occidentale

Licence, Informatique

Sep 2020 - Jun 2022

First and second year of my computer science degree, where I learned the basics of computer development (but not only) and where I was able to develop two "mini" projects.

## Skills

Python (Programming Language) • Git • Testing • Java • Linux • SQL • Bases en HTML/CSS •  
Bases dans les langages informatiques (Java/C/C++)
